This company is a great one, nice n perfect job. I am an Technologist from UDCT and myself an Chemist of high caliber I am just wondered about this Electric Media Research & Development , the work is perfect with 8 years guarantee means it is a Life-time guarantee

Thanumoorthy V

From last 4.5 years there is no Leakage at our site Breach Candy building. I am a Structral engineer and recommend the service of Electric Media, Waterproofing Without Breaking.

Anant Shintre

We had a severe leakage problem in our house which we were struggling for months before reaching out to Electric Media, who were using a very different technology and method. Their repair was quick, reasonable and non intrusive(for neighbors) with no breakage, a boon for everyone especially in Mumbai. Will recommend to everyone.

Varun Saxena

We live on 11th Floor of a tall building in Worli. For many years we had a problem of bucketful of water suddenly and randomly oozing out of wall and floor joint in bedroom, 3/4 times a month. We tried many consultants but problem remained. I contacted Mr. Girish Akolkar as he is well regarded in the matters of stopping building leakages. He visited us on the same day , analysed the root cause, brought-in his workmen with special cements, carried out the repair.all this in a period of 2 hours !!

Our problem has got resolved completely, like magic. He is also a great human, a very helpful person.

Ram Bhagwat

The persisting leakage issue from terrace floor resolved during peak monsoon. No leakage observed mid July-18, despite on going monsoon and we having created water ponding at terrace level. Excellent solution without breakage. Very cooperative team.

At one of our clients office tested the waterproofing work. Very effective job. No leakage now. Reliable, cost effective and prompt service.

Deepak Bagav

Extremely satisfied with a very professional execution.

Shrikant Joshi

Excellent Service and Quality Work.

Nishali Ahirrao

Excellent job of water proofing and reliable and prompt service.

Aziz Bhindarwala

I suggested my Society members for water leaking issue and Electric Media resolved issue of three toilets without breaking. Now its third year and there is no Leakage. – Chairman, Powai Sahyadri Soc, Powai, Mumbai

Dr Sunil Lambe

Quick response and accurate leak detection. 2 leakages at my home (1 in the ceiling and another in the wall) rectified within 48 hours at a reasonable cost. This was done more than 2.5 years ago and I will recommend their workmanship.

Girish Upadhyaya

Completed the job in heavy rains. Plugged all leakages. Excellent Service. Happy with after sales too.

Experienced this method of water proofing as the leakage was directly on ELCB box in my house followed by short circuit, it stopped immediately, 2 1/2 years have passed as this problem was solved in 10 minutes .

Jagdish Barai

Mr.Girish Akolkar is a highly experienced professional who has given an excellent service to us. Recommended for any leakage related issues

Satish Naik

Thank you for solving leakage issue on priority. Quick response, Effective, affordable solution.

Snehal Shetye

The technology is good and it is a fast and effective result . Basically it is a good application while live leakage to stop immediately.

Ajit Penkar

Was provided excellent service by Mr Milind Akolkar, who came promptly to resolve the problem through his chemical treatment in our bathroom.

Sorab Parekh

One of the best team that I have worked with.They know their job superbly well.We struggled for almost 3 months and then found this magic team who helped us resolve my leakage issue in like 15 days.Its been 2 years no complaints at all.I truly recommend Mr Girish Akolkar and team to resolve all leakage issues that we face in our houses/buildings.
